Email: loknath0711@gmail.com | Phone: 8072926796 | Location: Kodumudi

Professional Summary

Experienced in front-end development with a keen focus on UI and UX design, leveraging skills in HTML, CSS, and design principles to create engaging and intuitive user interfaces.

Education

B.E. in Computer Science and Engineering

Knowledge Institute of Technology, Salem

CGPA: 7.4 Duration: 2021 – 2025

HSC

Cheran Matric Higher Secondary School, Karur

Percentage: 77% Duration: 2020 - 2021

SSLC

Cheran Matric Higher Secondary School, Karur

Percentage: 66% Duration: 2018 - 2019

Internship Experience

Web Development Intern, CodSoft

I learned about HTML, CSS, and JavaScript. I also worked on projects like Portfolio and a Todoist. The mode of learning was virtual, and the duration was one month.

Web Development Intern, Edu Phoenix Solutions

I learned about HTML, CSS, and JavaScript. Additionally, I worked on a Movie Showcase Website during a virtual Program that lasted for one month.

Projects

Tourism Website

In this project, our mission is to be the compass for travelers, leading them to explore the hidden gems and iconic landmark. Utilized PHP, HTML, CSS, and JavaScript to create a robust and user-friendly interface.

Food Delivery App

Designed and prototyped a user-friendly interface for a food delivery app using Figma, emphasizing clarity, accuracy, and an intuitive user experience.

Technical Skills

Programming Languages: C, Java (Basic), SQL

Web Technologies: HTML, CSS, JavaScript

Development Tools: Jenkins, Git, Figma

Certifications

UI/UX Design: Proficient in Figma for design completion, adept at creating polished visual assets and prototypes.

Full Stack Development: Completed an intensive workshop, gaining proficiency in front-end and back-end technologies.

Blockchain Development: Completed a comprehensive workshop on blockchain development, mastering fundamental concepts and practical applications.

Area of Interest

- Front-End Development
- UI/UX Design
